Payana

Impression 384 „Payana“

A very popular sailing yacht, designed by English designer Rob Humphreys, and built in 2006 by Slovenia's ELAN Marine the „PAYANA“ will impress you at first sight with its dark blue hull, elegant outlines of a white deck with extensive precious teak decking and accessories.

The „PAYANA“ features a spacious modern interior done in light mahogany with panoramic windows, a stepwise saloon, a fully equipped L-shape galley kitchen, a spacious cockpit with a solid table and many other components that will make your stay both on deck and under hatches comfortable and pleasant. The boat is equipped with three spacious double-cabins and one toilet area with WC and shower. The second shower is astern on the swimming platform. Hot water, 220V power points and heating throughout the boat. You will appreciate the comfortably equipped saloon with a spacious kitchen, in which you will find all the necessities for a gourmet excursion. The „PAYANA“ is equipped with a main furling sail. Even a two-man crew can manage operating the boat straight from the cockpit. This comfortable sailing yacht is equipped for year-round use. Large water and fuel tanks allow considerable independence for stays in quiet areas and ports with a smaller number of marinas.

We wish you a nice charter.
